Dear Sir:

Applicant respectfully requests that the following drawing correction be entered in the subject application.

09/991,164

Attorney Docket No.: PI2570

In the Drawings:

Please replace Figures 1, 2 and 4 with new Figures 1, 2 and 4, as attached. Please add new Figure 1A, as attached. Figures 1A, 2 and 4 have been modified to include alternate and optional embodiments to address the Examiner's objection to the drawings as not showing all of the features of the invention. Figure 1 is corrected to explicitly show a processor in the system, as described in the Specification and well known in the art. The Specification, as originally filed, describes these alternative embodiments, at least on pages 5-8, 13-14 and 19-20. The Specification has been concurrently amended to include references to the added figures. Generally, these amendments are limited to adding reference numerals to existing description in order to appropriately reference the new Figures. Thus, the drawing correction does not introduce new matter, nor does this modification change the scope of the claimed inventions.

Respectfully submitted,

Dated: 3 Jan. 2007/ Joni D. Stutman-Horn /
